No.2.	April.....	Page	60-120
No.3.	July.....	Page	122-184
No.4.	October.....	Page	185-253

Subject Index

Abstracts: 30: 56-8, 117-9, 183-4, 243-4.

Adnexa

- Cryptophthalmos syndrome: A Case Report 30: 173-5.

Cataract

- Comparison of pre and postoperative astigmatism after cataract extraction by phacoemulsification through a 3.2 mm clear corneal superotemporal incision 30: 157-61.
- Complications of Nd: YAG laser capsulotomy 30: 34-7.
- Congenital cataracts; Its laterality and association with consanguinity 30: 187-92.
- Effect of incision site on pre-existing astigmatism in phacoemulsification 30: 45-8.
- Neonatal screening for leukocoria 30: 232-6.
- Outcomes of congenital cataract surgery in a Tertiary Care Hospital 30: 28-32.
- Post operative Anterior Chamber Reaction in Adult Cataract Surgery after Adding Heparin in Irrigating Solution 30: 237-40.
- Pre-operative diclofenac sodium eyedrops vs intra-operative adrenaline irrigation in maintaining mydriasis during extracapsular cataract extraction 30: 199-203.
- Peribulbar versus topical anesthesia for cataract surgery: patient's satisfaction 30: 63-7.

Community

- Early presbiopia a psychosomatic disorder 30: 162-6.
- Physical and physiological changes with presbyopia 30: 78-81.
- Lightning induced ocular complications: a case report 30: 49-52.
- Ocular emergencies in a rural hospital: A 5 year retrospective clinical audit 30: 68-72.
- Risk factors involved in pterygium recurrence

after surgical excision 30: 73-7.

- Subconjunctival loa loa worm: A Case Report 30: 241-2.

Congenital disorder

- A case series on waardenberg syndrome 30: 176-8.

Cornea

- Kayser-fleischer rings in wilson's disease 30: 112-6.
- Role of sub-conjunctival bevacizumab in regression of corneal neovascularization 30: 99-102.
- To assess the efficacy of chemical corneal tattooing for unsightly corneal scars 30: 152-6.

Choroid

- Frequency and visual outcome of choroidal tubercles with miliary Tuberculosis 30: 213-8.
- Choroidal melanoma, a rare condition in asians: A Case Report 30: 237-40.

Editorials

- New perspectives in the management of diabetic macular edema 30: 122-4.
- Retinopathy of prematurity and Pakistan an epidemic coming 30: 60-2.
- The role of ocular coherence tomography in glaucoma diagnosis and management 30: 1-3.
- Updates in the management of retinoblastoma 30: 185-6.

Glaucoma

- Accuracy of IOP measured by non-contact (air-puff) tonometer compared with goldmann applanation 30: 20-3.
- Awareness of glaucoma in different groups of urban population 30: 143-7.
- Control of raised intraocular pressure after intravitreal triamcinolone acetonide 30: 148-51.
- Causes of blindness in patients with open angle glaucoma, an alarming situation 30:24-7.

- Diode laser trans-scleral cycloablation as surgical treatment for primary open-angle glaucoma after maximum tolerated medical therapy 30:90-4.
- Estimation of range of intraocular pressure in normal individuals by puff tonometer 30:130-3.
- The role of ocular coherence tomography in glaucoma diagnosis and management 30: 1-3.
- Trabeculotomy in primary congenital glaucoma at pediatric eye department, Bolan Medical College, Quetta 30: 125-9.

Letter to the Editor: 30: 245.

News and Events: 30: 59, 184, 246.

Orbit

- Orbital fungal myositis; A Case Report 30: 179-82.

Peds Oph.

- Pattern of common paediatric diseases at Spencer Eye Hospital 30: 10-4.
- Pattern of common eye diseases in children in a tertiary eye hospital, Karachi 30: 193-8.
- Timing of closed intubation in recurrent epiphoric children 30: 42-4.

Retina

- B-scan ultrasonography in blast related posterior segment eye injuries 30: 87-9.
- Comparison of brilliant blue g and trypan blue during vitrectomy for macular hole surgery 30: 227-31.
- Frequency of retinopathy in newly diagnosed patients of type 2 diabetes mellitus 30: 38-41.
- Frequency of retinopathy and its different grades among Type- II diabetic patients with Metabolic Syndrome 30: 219-23.
- Four cases of xeroderma pigmentosum in a pakistani family 30: 224-6.
- Masquerade syndrome: retinoblastoma presenting as sympathetic ophthalmia 30: 53-5.
- Modified scleral buckling technique using endoillumination and non contact wide angle viewing system 30: 103-7.
- New perspectives in the management of diabetic macular edema 30: 122-4.
- Prevalence of diabetic retinopathy among type-2 diabetes patients in pakistan-findings of the vision registry 30: 204-12.
- Retinopathy of prematurity and Pakistan an epidemic coming 30: 60-2.
- Sight threatening diabetic retinopathy in type-2 diabetes mellitus 30: 4-9.

- True exfoliation in a man with retinitis pigmentosa 30: 108-11.
- Updates in the management of retinoblastoma 30: 185-6.
- Vitrectomy combined with scleral buckling in patients with inferior retinal breaks 30: 82-6.

Sclera

- Trans-scleral effect of mitomycin-c on ciliary body epithelium 30: 15-9.

Trauma

- Ease of removal of posterior segment metallic intraocular foreign body with intraocular forceps Vs endomagnet plus forceps 30: 95-8.
- Epidemiological survey of traumatic eye injury in a southwestern Nigeria Tertiary Hospital 30: 138-42.
- Orbital tumors-retrospective study of 24 years 30: 33-7.

Vitreous

- Visual outcome and complications of 23 g versus 20 g vitrectomy in cases of diabetic vitreous haemorrhage 30: 167-72.

Abstracts Index

Cataract

- Antibiotic choice for the prophylaxis of post-cataract extraction endophthalmitis 30: 118.
- Cost-effectiveness of femtosecond laser-assisted cataract surgery versus phacoemulsification cataract surgery affiliations 30: 57.
- Post-cataract prevention of inflammation and macular edema by steroid and nonsteroidal anti-inflammatory eye drops a systematic review 30: 243.

Community

- A randomized clinical trial comparing methotrexate and mycophenolate mofetil for noninfectious uveitis 30: 243
- The utility of routine tuberculosis screening in county hospital patients with uveitis 30: 183.

Cornea

- Collagen Cross-Linking with Photoactivated Riboflavin (PACK-CXL) for the Treatment of Advanced Infectious Keratitis with Corneal Melting 30: 182.
- Collagen cross-linking in progressive keratoconus; three year results 30: 118.
- Descemet's membrane endothelial keratoplasty 30: 56.

Retina

- Changes in postoperative refractive outcomes following combined phacoemulsification and pars plana vitrectomy for rhegmatogenous retinal detachment 30: 183.
- Management and outcome of retinoblastoma with vitreous seeds 30: 56.
- Collaborative retrospective macula society study of photodynamic therapy for chronic central serous chorioretinopathy 30: 117.
- Intravitreal aflibercept injection for macular edema resulting from central retinal vein occlusion 30: 57.
- Intravitreal aflibercept injection for macular edema due to central retinal vein occlusion (two-year results from the copernicus study) 30: 182.

- Vitrectomy with internal limiting membrane peeling versus no peeling for idiopathic full-thickness macular hole 30: 117.

Retina/glaucoma

- Retinal nerve fibre layer and macular thickness analysis with fourier domain optical coherence tomography in subjects with a positive family history for primary open angle glaucoma 30: 244.

Vitreous

- Cost evaluation of surgical and pharmaceutical options in treatment for vitreomacular adhesions and macular holes 30: 244.
